HEALTH GUARANTEE

- 1) The breeder guarantees this puppy is bred within AKC breed standard. The breeder guarantees the puppy to be in good health at the time of purchase, to the best of my knowledge. Buyer has examined puppy and agrees the puppy to be in good health. The breeder also guarantees that the puppy has had core vaccinations and scheduled de-wormings appropriate to the puppy's age.
- 2) It is recommended that the buyer have the puppy examined by a licensed veterinarian (at buyers expense) within 5 days AFTER receiving the puppy. **IF THE PUPPY IS NOT EXAMINED WITHIN 5 DAYS AFTER PURCHASE, THIS GUARANTEE WILL BE NULL AND VOID.** If at the time of examination, the veterinarian finds the puppy to have a life-threatening genetic defect, the puppy must be returned to the breeder (at buyers expense), with a written report from the veterinarian, and all paperwork given to you at the time of purchase to replace puppy with a puppy of same value. If in the result that the puppy dies from a life-threatening genetic disease and requests another puppy, an autopsy report must be obtained (at buyers expense) to receive a new puppy. Buyer understands that there may be a wait for another puppy of comparable breeding and price to become available. This guarantee does NOT cover cosmetic defects (improper bites, hernias, ect.) If a puppy is found to have a cosmetic defect such as improper bite or hernia, the puppy will only be eligible for limited registration rights. Any puppy found to not be receiving proper care or being neglected at any time, **MUST** be returned to the breeder at buyers expense. **NO CASH REFUNDS.**
- 3) If the puppy dies within the first 5 days within being in possession of the buyer, buyer must have autopsy performed to prove cause of death in order to receive a replacement puppy of equal value when one becomes available. Breeder has the right to have their own vet confirm any findings in said report.
- 4) Breeder will NOT guarantee against common problems such as hypoglycemia, internal or external parasites, coccidia, giardia, or diarrhea due to stress from shipping, new home, or diet. Note: Urinary Tract Infections (UTI) can also be a common issue with this breed during puppyhood. Buyer will assume full responsibility for health, temperament, and appearance of the above puppy described, upon possession. It is the buyers responsibility to protect puppy from dangerous and infectious situations until the puppy has completed its series of vaccinations.
- 5) If your veterinarian states that your puppy has any problem that makes it a poor health risk (this does not include the above stated external parasites such as fleas, ticks, lice, mites, mange, etc. or internal parasites such as roundworms, whipworms, hookworms, tapeworms, giardia, coccidia, etc), you may, within 5 days of purchase, return the puppy (along with all AKC registration papers and materials) for a full refund. A written, signed, and dated statement from your veterinarian is required detailing description of symptoms supporting his/her opinion and an explanation as to why thus puppy would be a poor health risk. The exam and all associated costs are the buyer's responsibly. Please note that this is 5 days from when the puppy leaves our premises.
