## Conditions of Service

1. Prior to the stud service, the bitch owner will provide the following information to the stud owner via OFA reference number, email, mail, or fax:

- \_\_\_ Negative brucellosis test dated **within 10 days of a natural breeding** (only required for natural breeding)
- \_\_\_ AKC pedigree (may be viewed online)
- \_\_\_ DM, VWD II, and HU results (if tested)
- \_\_\_ Copy of up-to-date shot records with dates:

DHLPP: \_\_\_\_\_ Rabies: \_\_\_\_\_ Bordetella: \_\_\_\_\_

2. The stud owner will **NOT** be liable for injuries that may be sustained by the bitch during the breeding process or while on the stud owner's property.

3. The bitch owner agrees to perform progesterone and/or LH testing on the bitch to determine the proper breeding window. The bitch owner will be responsible for any and all medical expenses, including those pertaining to hormone testing and veterinary fees. If a natural breeding cannot be accomplished, and the bitch owner desires to proceed with an AI breeding, the bitch owner agrees to provide a credit card number to the collecting veterinarian to cover any AI costs, and to pay any travel fees incurred to transport the bitch to the AI facility.

4. Any or all of the following breeding methods may be used, by agreement of the parties and with payment of all costs and charges for such methods as described below.

A. Natural breeding. The stud fee is \$800 for bitches that meet our approval. Amber reserves the right and can choose the pick of the litter that results from the breeding in lieu of the stud fee, at the stud owner's option. This fee is for natural breeding/AI. A deposit of \$200, which is non-refundable, is due at the time of breeding. The remaining balance is due within 14 days after the pups are whelped. The bitch owner agrees to have a back-up stud dog available in the event that the stud dog is servicing another bitch, or if the stud dog owner is unavailable, during the breeding window. If the bitch does not conceive on the first service, one additional service will be provided within the next 18 months, at the bitch owner's option. In such event, the \$200 non-refundable deposit fee previously paid will be applied to the then-existing stud fee due for the additional service.

B. Fresh chilled. The stud fee is \$800. A deposit of \$200, which is non-refundable, must be received by the stud owner prior to the shipment of fresh chilled semen. The bitch owner will be responsible for all travel expenses of the stud owner, as well as veterinary expenses and shipping. The bitch owner agrees to provide a credit card number to the collecting veterinarian to cover any costs.

5. The remainder of the stud fee is due within two weeks after the whelping of a litter of at least three live puppies. If fewer than three live puppies are whelped, the stud fee will be adjusted to \$150 per puppy.

6. The stud owner will sign the litter registration after receipt of full payment.

7. The bitch owner agrees that no puppy produced as a result of this breeding will be sold to a pet shop, agent or broker.

8. The stud owner is not obligated to sign an application for litter registration with the AKC, nor may such application be made, unless and until all applicable terms of this agreement have been complied with in full.

9. If the bitch's owner(s) fail to fulfill the conditions of this agreement, the bitch's owner(s) will be responsible for all reasonable attorney's fees, costs and/or expenses incurred by the stud owner to ensure compliance with the agreement.
